Mobilizing Voters for Education Justice and the Public Schools Our Students Deserve

Join your neighbors to voice your support for education justice issues in Pittsburgh! We call on each Pittsburgh Public Schools board of education candidate, as well as our city's political and community leaders, to commit to:

-  Offering tuition-free, high-quality, inclusive pre-K programs for all 3- and 4-year-old children.
-  Rejecting any and all efforts to privatize our public school dollars—including all voucher programs.
-  Supporting our educators, who are dedicated to helping our students learn and grow.
-  Providing full and equitable funding for the public schools all our students deserve.
-  Designating at least 10 new full-service, sustainable community schools by 2020.
-  Demanding transparency and accountability for all publicly funded charter schools.
-  Implementing restorative practices that support students, educators and schools, and providing additional resources to end the use of out-of-school suspensions for our youngest students.
-  Keeping a democratically elected school board.
