OUR CORE VALUES

LEARNING

WE BELIEVE that we must engage every student, every day; learning is achieved by cultivating curiosity and encouraging determination, focus, and hard work; and adult learning and engagement are key to student learning.

THEREFORE, we will encourage and support critical thinking, problem solving, active questioning, and risk-taking to continuously improve; stimulate discovery by engaging students in relevant and rigorous academic, social, and emotional learning experiences; and challenge ourselves to analyze and reflect upon evidence to improve our practices.

RELATIONSHIPS

WE BELIEVE that meaningful collaboration is vital to our success; strong partnerships are built on trust and open and honest communication; and building relationships with our diverse community requires us to understand the perspectives and experiences of others.

THEREFORE, we will get to know student and staff members as individuals to better serve them; engage in interest-based decision making with our partners to achieve mutually agreed upon goals; and build strong relationships with students, family, staff, and community to support learning.

RESPECT

WE BELIEVE that each individual’s contributions add value to our learning community; fair treatment, honesty, openness, and integrity are essential; and the diversity of our culture, interests, skills, and backgrounds is an asset that makes us stronger.

THEREFORE, we will model civility in all interactions and encourage candid conversations; deal fairly and honestly with each other; and listen to others’ perspectives with openness and accept that there are various points of view.

EXCELLENCE

WE BELIEVE that raising the bar and setting high standards is necessary to ensure that all students graduate ready for college and career; we have to expect the best to get the best from everyone, every day; and creating intellectual excitement and supporting personal growth inspires us all toward excellence.

THEREFORE, we will push unceasingly for continuous improvement; hold our practice and work to the highest possible standards; and nurture a culture of creativity and inquiry that supports innovation and progress.

EQUITY

WE BELIEVE that each and every student matters; outcomes should not be predictable by race, ethnicity, or socioeconomic status; equity demands the elimination of all gaps; and creating and maximizing future opportunities for students and staff is necessary.

VISION
We inspire learning by providing the greatest public education to each and every student.

MISSION
Every student will have the academic, creative problem solving, and social emotional skills to be successful in college and career.

CORE PURPOSE
Prepare all students to thrive in their future.

BUILDING OUR FUTURE TOGETHER
STUDENTS, STAFF, AND COMMUNITY

THE STRATEGIC PLANNING FRAMEWORK emphasizes our commitment to ensuring that students graduate from Montgomery County Public Schools (MCPS) ready for college and/or entry into the workforce. MCPS is recognized as one of the most successful school districts in the nation because of our exceptional student performance, outstanding staff, and organizational effectiveness. However, our work will not be complete until all students are achieving at the highest levels and are prepared to compete globally. MCPS is committed to educating each and every student so that academic success is not predictable by race, ethnicity, or socioeconomic status. We will continue to strive until the achievement gap has been eliminated for all groups.

Our students will graduate with deep academic knowledge in the core subjects as well as other content areas, such as the arts and technology, preparing them for tomorrow's complex world and workplace. Created in collaboration with many stakeholders, including students, staff, parents, and community, Building Our Future Together addresses what students need to be successful—Academic Excellence, Creative Problem Solving, and Social Emotional Learning. This framework outlines the expectations in these three areas for our students, staff, and community, laying out a clear path to meet our goals. MCPS will continue to organize and optimize resources that will align to these three competency areas and reflect the Board's core values to ensure that every student is well prepared for success beyond high school.

The MCPS community is committed to a culture of continuous improvement. This year's improvements include:

Over the course of the next three years, MCPS will ensure an increase in overall performance on all established measures, with a focus on increasing performance for all groups.
MCPS students will—

- Demonstrate readiness for postsecondary study and/or the workforce so that all students are prepared for success upon high school graduation
- Demonstrate literacy across all content areas by reading complex texts, writing for multiple purposes, speaking in a variety of situations, and using language effectively
- Engage in challenging and wide-ranging content
- Apply learning to new situations

MCPS staff will—

- Demonstrate high expectations for all students
- Deliver culturally relevant and responsive instruction
- Differentiate instruction to meet the needs of all students
- Evaluate what students know and are able to do through multiple and diverse measures

Community members and MCPS will actively partner to ensure that all students are prepared for their future resources, creating opportunities for experiential learning, and supporting the core values of the strategy.

MCPS will—

- Engage collaboratively and respectfully with all partners, building a self-renewing organization
- Provide the highest quality business operations and support services that are efficient and effective
- Organize and optimize resources, including effective use of technology and
- Establish strategic processes for operational excellence, customer service, and shared leadership
- Hire for excellence and build capacity of all staff
SOCIAL EMOTIONAL LEARNING

MCPS students will—
- Value and respect diversity and differences
- Make constructive and healthy decisions that promote hope, personal well-being, and social behavior
- Build their resilience, perseverance, self-awareness, and growth mindset
- Enhance their social awareness, including collaboration, empathy, and relationship-building skills

MCPS staff will—
- Foster respect for diversity, risk-taking, collaboration, constructive debate, and productive conflict resolution
- Promote safety and social, emotional, and physical well-being
- Create opportunities for students and staff to interact positively with each other
- Teach and model resilience, perseverance, self-awareness, and growth mindset
- Build on each others’ and students’ strengths

Fostering a learning community that reflects our values, essential to the educational success of all students, sustainable practices, shared accountability that support teaching and learning.

OUR STRATEGIC PLANNING FRAMEWORK focuses on three key competency areas: academic excellence, creative problem solving, and social emotional learning. The central services staff will align its work with the needs of schools through analysis of individual school data and allocation of resources. Additionally, based on professional development, community engagement, and strategic interventions, every school and office will engage in professional learning activities focused on school improvement.

The School Support and Improvement Framework is the primary tool we use to understand and know the strengths and needs of all schools so that we may serve them well. It is based on using multiple data sources in four areas that promote the conditions for student success. Below are examples that are used in the Framework.
